

You are cordially invited to attend the roundtable discussion on  
**Accelerating sustainable infrastructure investments at IDB -  
Presentation of results of Envision case studies**

**Jointly organized by IDB Infrastructure and Environment Sector (INE) and  
the Environmental Safeguards Unit (ESG)**

Date: Thursday, April 14, 2016, **9:30 am - 12:00 pm**

Venue: Andrés Bello 4/5, 9<sup>th</sup> floor, IDB Headquarters,  
1330 New York Avenue, N.W. Washington, D.C. 20577

Sustainable infrastructure is essential for the success of the United Nations Sustainable Development agenda and the UNFCCC Paris Agreement on Climate Change. IDB has already a wealth of experience when it comes to sustainable infrastructure solutions, as a recent *Envision* assessment of seven public sector projects by Harvard University has showed.

While sharing the results of the Envision case studies the roundtable should shed light on where the IDB stands, where there is room for improvement, and what is needed to further mainstream sustainable infrastructure principles into the Bank's operations? Check out the agenda [here](#)

### Featured Speakers

**Amar Bhattacharya**

Senior Fellow, Global Economy and  
Development, Brookings Institute

**Andreas Georgoulis**

Research Director, Zofnass Program for  
Sustainable Infrastructure, Harvard University

### With IDB participation from

**Pablo Pereira dos  
Santos**  
Head of INE

**Tomás Serebrisky**  
Principal Economic  
Advisor, INE/INE

**Amal-Lee Amin**  
Division head of  
INE/CCS

**Marcello Basani**  
W&S Sr. Specialist,  
INE/WSA

**Graham Watkins**  
Environment Ppal  
Specialist, VPS/ESG

**Alejandro Taddia**  
Transport Ppal  
Specialist, INE/TSP

**Emilio Sawada**  
Energy Ppal Specialist,  
INE/ENE

**Annette Killmer**  
Nat. Resources Lead  
Specialist, INE-RND
